Subject: Amended Label for CB-405 Fogger
EPA Reg. No. 279-3389

Dear Ms. Holihan:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the pyrethrins, piperonyl butoxide and MGK 264 RED(s), and has concluded that your submission is acceptable.

PLEASE NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

A copy of your label stamped "Acceptable" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Linda A. DeLuise at (703) 305-5428 or via e-mail at deluise.linda@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken
Product Manager 10

Office of Pesticide Programs

CB-405 Fogger

One Unit Treats up to 5,000 Cubic Feet

KILLS: Cockroaches, Ants, Flies, Mosquitoes, Fleas, Ticks, Confused Flour Beetles, Sawtoothed Grain Beetles, Rice Weevils, Crickets, Spiders, Small Flying Moths and Sowbugs.

FOR USE IN: Homes, Food and Non-Food Areas of Food Processing Plants, Restaurants, Industrial Buildings, Schools, Warehouses, Office Buildings, Theaters, Garages Hotels, Motels, Hospitals and Kennels.

ACTIVE INGREDIENTS:

Pyrethrins.....	0.050%
*Piperonyl Butoxide.....	0.100%
** N-Octyl Bicycloheptene Dicarboximide.....	0.167%
(S)-cyano (3-phenoxyphenyl) methyl-	
(S)-4-chloro-alpha-(1-methylethyl)benzeneacetate.....	0.100%
OTHER INGREDIENTS.....	99.583%
	100.00%

*(butylcarbityl) (6-propylpiperonyl) ether and related compounds.

**MGK 264, Insecticide Synergist

**CONTAINS NO CFC's OR OTHER OZONE DEPLETING SUBSTANCES.
FEDERAL REGULATIONS PROHIBIT CFC PROPELLANTS IN AEROSOLS**

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See Back Panel for Additional Precautionary Statements.

EPA Reg. No. 279-3389

EPA Est. No. 9444-LA-1

NET WEIGHT 5 oz / 142 g

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before use.

Personal Protective Equipment (PPE)

Wear long-sleeved shirt and long pants, socks, shoes, and chemical resistant gloves (such as Barrier Laminate, Nitrile Rubber, Neoprene Rubber, or Viton [Selection Category E*]).

[*If the Selection Category E gloves do not provide adequate protection for this product, the registrant should indicate a specific glove category from the EPA chemical resistance glove selection chart that will provide adequate protection.]

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.
Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

[For Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

FIRST AID

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER- Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call (800) 331-3148. For product information call (800) 321-1362, Monday-Friday, 8:00 am to 5:00 pm EST.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" on this label very carefully.

Does not control bed bugs.

Highly Flammable Ingredient
Ingrediente Altamente Inflamable

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO USE THE PRODUCT CORRECTLY:

Do not apply this product in a way that will contact adults, children, or pets either directly or through drift. Avoid contamination of food or feedstuffs. Do not apply into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Not for use in residential misting systems.

Shake Well Before Use. This product will kill Cockroaches, Ants, Flies, Mosquitoes, Fleas, Ticks, Confused Flour Beetles, Sawtoothed Grain Beetles, Rice Weevils, Crickets, Spiders, Small Flying Moths, and Sowbugs.

For residential applications: Remove pets, birds, and cover fish aquariums before use. Remove or cover exposed food and drinking water before application. Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use. Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is still detected additional ventilation is required.

For non-residential applications: Do not apply when food processing facility is in operation or foods are exposed. Cover or remove all food and food processing equipment before application. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination. Food areas include areas for receiving, storage, packaging (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas are places where prepared foods are served, such as dining rooms, but not excluding areas where foods may be prepared or held. Non-food areas include entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning and bottling). Do not treat establishments where livestock feed is present.

BEFORE YOU FOG:

Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Extinguish all flames including pilot lights. **IMPORTANT!** To avoid **FLAMMABILITY HAZARDS** use as follows: **DO NOT** use more than one fogger per room. **DO NOT** use in small, enclosed spaces such as closets, cabinets, or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not use in a room 5 ft. x 5 ft. or smaller; instead, allow fog to enter from other rooms. **Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.).** Call your gas utility or management company if you need assistance with your pilot lights. Close doors and windows. Point valve opening away from face when releasing. Use one unit for each 5,000 cubic feet of unobstructed area (a room 25' x 25' with an 8 foot ceiling). Do not remain in the area during treatment and ventilate thoroughly before reentry.

TO START FOGGING:

TO OPERATE VALVE: Place several layers of newspaper or pad on stand or table in the center of the room. Point valve opening away from face. To lock valve in open position for automatic discharge, press valve button all the way down, hooking the catch. Then place fogger on stand or table with valve locked open. **Vacate the treated house, individual apartment unit, or other structure immediately.** Fill out and place hang-tag on the door to the treated area to alert family and others with access to the treated area not to enter for 2 hours.

AIRING OUT:

Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

TO KILL TICKS AND FLEAS: Destroy pet's old bedding and replace with clean, fresh bedding after treatment is completed. Use product as above. Pets should be treated with a registered flea and tick control product prior to reentering treated premises.

Restrictions:

-Do not use multiple canisters in a room

-Turn off ignition sources

No flames or pilot lights

-Remove or cover exposed food

-Air out the room before entering

-Do not use in small, confined areas.

Do not re-enter for 2 hours

5/5

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Do not store near heat or open flame. Store in cool dry area away from children.

Pesticide Disposal & Container Handling: Do not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.
